Instruction for form 1003 "customer feedback"

Form 1003 is created as part of ISO 9001 quality system evaluation. The intend is to evaluate the IV&V Facility services and product provided to out to our customers. The responses from customers will be evaluated at executive management meeting and appropriate decision will be made to improve our quality systems to better fulfill our customer needs.

This form consists of 16 questions, customers will only reply to the applicable questions on form 1003. Front office is responsible to send the form 1003 with an official letter from IV&V Facility to our customers. Customer satisfaction feedback is required for each project annually and or at the completion of the project.
